PROFILE

I'm a *Web Developer*, methodically trained in **MERN stack development**, with proficiency in *Data Structures and Algorithms*, who finds himself to be a passionate learner and piqued in developing user-friendly and responsive websites and applications. I am skilled in *Web Technologies*, including but not limited to *React, Redux, jQuery, JavaScript, Bootstrap, HTML5, CSS3, Node.js, Express and MongoDB*.

PROFESSIONAL EXPERIENCE

CHEF'S TRIANGLE CAFE, *Founder*
Jan 2018 – Nov 2019 | Bhopal, India

Co-founded and managed the cafe which achieved a rating of 4.2 stars on Zomato within 4 months.

Overview :

- Exhibited managerial skills in fields including, but not limited to managing inflow and outflow of orders, both online and offline, and managing the inventory.
- Demonstrated designing awareness by designing the promotion pamphlets, logo, banners and menu and the cafe decor as well.
- Showcased event management skills by organizing varied events at cafe, with an audience count of more than 35 people.

SKILLS

React | Redux | JavaScript
jQuery | Bootstrap | CSS 3
HTML 5 | Node.js | Express
MongoDB | Git

PROJECTS

OneFineStay,
Built using React, Redux, Bootstrap, Flask & MySQL

Hotel booking website inspired from onefinestay.com, in terms of design and features, while also adding some extra functionality like Payment Gateways and Google Sign-in.

Payment Management App,
Built using React-Redux, Context API and Material UI

Web-app is inspired by Splitwise. User can create groups, add registered users as members, split and manage the expenses among these members.

AWARDS

Winner in Hackathon, *Masai School, Bengaluru*
Jul 2020

RateFlix - IMDb and RT ratings on Netflix

Built a Netflix Extension for Chrome, which allows you to get IMDB and Rotten Tomatoes Rating directly on the Netlfix platform.
